Glazed tiles are known to be invented in ancient Mesopotamia around 3300 years ago. This art of creating durable and aesthetically pleasing flooring and wall cladding had been the domain of royalties since centuries, because of expensive production cost it was out of bonds of common folks. With industrialization, modern mass production process and wider availability the demand also rose and we witness the tiles as we see them today.

In the realm of differing choices and astounding technology inputs; introducing a tiles manufacturer with difference ROCAGRES. At ROCAGRES we have a sole purpose to provide the best quality tiles at most affordable prices.
